We are delighted to announce that Katherine Leibowitz will be diving headlong into one of Leibowitz Law's favorite topics – indemnification – at the upcoming MAGI@home Clinical Research Conference. Katherine will co-present this challenging topic with Conor Flynn of SUNY Buffalo. Contracting parties spend tremendous amounts of time negotiating indemnification provisions. Katherine's and Conor's session is designed to break the provision down into manageable bites to give you a deeper understanding of what the language means, important factors to consider and how to negotiate these provisions successfully.

The virtual conference runs October 16-20, 2023, from the comfort of your home or office.

Our Indemnification session is on October 17th from 10:00 a.m. – 11:00 a.m. ET. There will be a Q&A to answer your questions directly.

The MAGI conferences are a great way to learn about and stay up to date on clinical research – what is happening with sites, sponsors and CROs. You can access the full program agenda and register for the conference [here](#).
