April 19, 2021

We are pleased to announce that Katherine Leibowitz will be leading the “Cyberliability and Finding the Balance on Data Security Practices” session at the upcoming [MAGI Clinical Research vConference](#). The virtual event runs from April 26 – May 6, 2021.

The Cyberliability session is on May 5th from 11:00 a.m. – 1:30 p.m. and will include both the sponsor and site perspectives. There will be a live Q&A during which Katherine and her co-presenters can answer your questions directly.

Katherine will also be chairing the “Risky Business: A CTA Case Study Involving Subject Injury & Indemnification” session and will moderate the Q&A. The Case Study session is on May 3rd from 12:30 – 1:30 p.m.

All times are Eastern.

The MAGI conferences are a great way to learn about and stay up to date on clinical research – what is happening with sites, sponsors and CROs. You can access the full program agenda for the MAGI vConference for Spring 2021 [here](#).
