

MAGI's Clinical Research Conference is Coming to Philadelphia May 21st-24th, and We are Proud to Sponsor and Present

05-08-23 • event • [katherine leibowitz](#)

MAGI is coming to our neighborhood, and we are excited to be a Silver sponsor and presenter.

Katherine Leibowitz will be speaking at the full-day workshop on “Dissecting a Clinical Trial Agreement” on Sunday, May 21st. She will discuss the “Big 4” (indemnification, limitation of liability, insurance and subject injury) and hot topics like biological samples and cybersecurity.

MAGI's conference is all about empowering you to ignite change in clinical trials. It aligns perfectly with Leibowitz Law's mission to Empower Life Sciences.

This unique 3.5-day event connects more than 700 clinical research professionals who are primed to advance innovation, and who are gathering to discuss best practices and hot topics in clinical operations, business and regulatory compliance.

The conference runs from May 21st – 24th in Philadelphia, PA.
